

Monthly n:flame Prayer Bulletin

the big match

July 2009

As we have such a large Gap Year and Training team this year we thought we would interview each of them individually.

Megan, please tell us a bit about yourself, where you are from and your background :

I was born in sunny Welwyn Garden City and I'm the youngest of 3 girls. I grew up in Hertfordshire and went to University in Loughborough

How did you hear about doing training with n:flame?

I heard about n:flame through Ben (my lovely husband), who is one of the Trustees.

Where do you work and where is your church base?

I am not on a Church placement, I only attend the theology training run by n:flame on Wednesday mornings. We go to Jubilee Church in Enfield.

Please tell us about a typical week for you.

My week is very mixed, I enjoy doing a variety of things. Mondays I spend at home, usually doing my pottery. I work for a charity on Tuesdays and Thursdays, teaching life skills to disabled kids and I love it. Wednesday mornings I am with n:flame and usually use the afternoon to meet with people and take care of our home. On Fridays I help with a kids group at Church in the morning and I am home in the afternoons potting!

How have you found the GAP year so far?

I have found the training year fun but also challenging. I have loved studying the Bible, but not so keen on the written study projects. I have learnt a lot from them and I guess it's good to be pushed out of your comfort zone! I have also loved getting to know the other gappies from all over the world.

What is your favourite scripture and why?

That's a hard one to pick. I love the story of Jonah, I guess it was one of the ones I remember from school but only really have got my head around more recently. I think this story is easy to be left as a kids story but it's so much more than that. Sammy did a great presentation on the book and I was really struck by the persistence of God, His patience and mercy and also leaves me in awe of God when I read it.

Not sure what to do next year?
